## **NEW !** **WPJF MONTHLY** **FILM EVENINGS**

Wrexham Peace & Justice Forum is holding a series of film evenings, with the first three planned for the last Thursdays of January, February and March. If these are successful, we would hope to continue them throughout the year.

Please support these events. Entrance is free. All screenings will begin at 7pm at Trinity Church, King Street, Wrexham, and there will be an opportunity to stay afterwards for a cup of tea or coffee and discuss the film.

### Thursday 26th January **CAUGHT IN THE CROSSFIRE-** **THE UNTOLD STORY OF FALLUJA** A Joint Production by Iraqi & American Film-makers

Shot from November 2004 to April 2005 inside the city of Falluja, this film details the conditions experienced by civilians as they endured the violent clashes and consequences of Operation Phantom Fury and became refugees outside the eyes and care of the international community.

### Thursday 23rd February **THE REVOLUTION WILL NOT BE** **TELEVISED** By Kim Bartley and Donnacha O'Briain

Two independent filmmakers were inside the Venezuelan presidential palace on April 11, 2002, when Hugo Chavez was forcibly removed from office. They were also present 48 hours later when, remarkably, he returned to power amid cheering supporters. Their film records what was probably history's shortest-lived coup d'état.

### Thursday 30th March **THIS IS WHAT** **DEMOCRACY LOOKS LIKE** By Seattle Independent Media Centre and Big Noise Films

A 70 minute documentary capturing the events of the 1999 anti-WTO protests in Seattle. Cut from the footage of over 100 media activists, the film marks a turning point in collaborative film-making and achieves a scope and vision possible only through the lenses of over 100 cameras.
