Issue 26 Oct-Dec 08

## Manchester demo

On 20 September, on the eve of the Labour party conference, about 5,000 people demonstrated in Manchester. CND and STWC had organised the demo under the banners 'Troops Out of Iraq and Afghanistan' and 'No to Nato'. A large number of people were also protesting against forced removals and other punitive immigration controls, as part of a 'freedom of movement' autonomous block, with Manchester No Borders and the various anarchist groups attracting a rather unnecessary amount of policing attention.

## Burma

Wrexham Women for Peace organised a day of action for Burma in Chester in July.
