## A Bush Retrospective

It feels like a good time to look back on the gems George W. Bush managed to utter in some of his more lucid moments:

*I believe we are on an irreversible trend toward more freedom and democracy - but that could change.*

*One of the great things about books is sometimes there are some fantastic pictures.*

*We are ready for any unforeseen event that may or may not occur.*

*The vast majority of our imports come from outside the country.*

*No senior citizen should ever have to choose between prescription drugs and medicine.*

*It isn't pollution that's harming the environment. It's the impurities in our air and water that are doing it.*

*Verbosity leads to unclear, inarticulate things.*

*I stand by all the misstatements that I've made.*
