DESIGN A BANNER FOR WPJF!

Wrexham Peace & Justice Forum needs a new banner to take to marches. At the moment we have one for our old name (Wrexham Against War) but it has been out in all weathers and has seen better days. So we have decided to ask readers of this newsletter to design a new one. The banner must include at least the words "Wrexham" and "Peace", but beyond that, be creative and imaginative!

The design must be practical and suitable for carrying on marches and at demonstrations. It must also be make-able without great expense. The new banner design will be chosen at the next WPJF meeting after the closing date.

There will be a valuable prize for the design chosen, but we don't know what it will be yet!

Closing date for entering your design is 31 January 2004. Designs should be sent in on paper, no larger than A3 size, (if it's a computer file, please print it out) to: WPJF, PO Box 661, Wrexham LL11 1QU

We hope that the new banner will be made in time for us to take to the Global Day of Action for Peace demonstration on March 20th.
